

## NULJ pricing

The National Union List of Journals (NULJ) is a membership subscription scheme. No charges are made for supplying articles to other libraries, but an annual membership fee is paid to UHL Libraries & Information Services (University Hospitals of Leicester NHS Trust) who run the scheme. This covers the administration of, and improvements to, the scheme.

The pricing structure is based on the number of journal titles offered by each organisation, regardless of how many sites that organisation has. This is to encourage libraries to share more titles and, therefore, to make the scheme more useful to members.

### A minimum of 10 titles needs to be offered by member organisations

Number of journal titles listed	NHS England	Non-NHS England (plus VAT)*
10-49	<b>£50</b>	<b>£60</b>
50-100	<b>£40</b>	<b>£48</b>
101 or more	<b>£25</b>	<b>£30</b>
Organisation with most titles	Free	Free

### Example

An organisation has 3 site libraries. They decide to list 72 titles on NULJ. The total cost is £40 (plus VAT) – so ‘Site A’ could list 40 titles, ‘Site B’ 23 and ‘Site C’ just 9 titles.

Note if Site C wanted standalone membership, they would not be eligible due to having less than the minimum required titles.

\*If you are non-NHS England, but don’t pay VAT please advise us at time of application.
